

## 7W E27 High Power LED Light Bulb

### 1. FEATURES:

- ⚙ High Power LEDs application
- ⚙ Direct replacement of 40W incandescent bulb
- ⚙ Color temperature consistency
- ⚙ High color rendering ability
- ⚙ Universal power voltage AC90~240V
- ⚙ Energy saving
- ⚙ Low maintenance cost and long life time
- ⚙ Environmental friendly, meets RoHS requirements

### 2. SPECIFICATION:

<b>Model No.</b>	HPL-AADAW000(CW)
<b>Material</b>	Aluminum housing / Frosted glass diffuser
<b>Total power consumption</b>	7W
<b>Input Voltage</b>	AC 90~240V
<b>Color Temperature</b>	5500 (CW) K (+/- 10%)
<b>Color Rendering Index</b>	>70 (CW)
<b>Beam angle</b>	170°
<b>Brightness (Lumen output)</b>	350 (CW) lm (+/- 10%)
<b>LED Lifetime</b>	L70 >30,000 hrs
<b>Lamp Base</b>	E26/E27
<b>Operating Temperature</b>	-20°C~+40°C
<b>Dimension</b>	Height 115mm; Diameter 59mm
<b>Safety Approval</b>	CE/RoHS

#### Attention:

- Not suitable for enclosed fixtures. For use in fully open air or well-vented fixtures only.
- Not suitable for dimmer.
